Dear Madam/Sir,

**Re: Short Term Confidentiality request for FCC ID: WQKW1000**

Following our Permanent Confidentiality request dated August 1, 2010 and pursuant to sections 0.457 and 0.459 of CFR 47, we hereby request that you also provide short term confidential treatment for a period of 180 days, with regards to the following information accompanying this application:

- external photos
- internal photos
- user manual
- test setup photos

The above-mentioned documents are extremely sensitive as they include proprietary and confidential information relating to the device's functionality, internal structure and components. **Such information has not yet been released to the public in the USA. Furthermore, the device itself is unique and innovative and has also not yet been released, actually marketed or sold to the public in the USA.**

The disclosure of such confidential information prior to the actual marketing of the device to the public will be extremely harmful and will cause irreparable damages to the company and provide unjustified benefits to its competitors. Such information is a trade secret of the Company, not generally known or reasonably ascertainable to the public as the device has not yet been actually marketed or sold to the public.

We acknowledge that the user manual and internal photos were viewable on the FCC site from time of grant, 8/16/2010, until the time ATCB changed the status of the docs on 8/17/2010.

Yours Sincerely,

  
Ayval Ron
